

## Hopkinsville Kentuckian.

THEO. E. BARTLEY, Business Manager.

TUESDAY, FEBRUARY 5, 1889.

Hopkinsville now has police. Who fail not when duty calls. Those who break the public peace surely land in prison walls.

### PERSONAL GOSSIP.

Rev. A. H. Cabaniss was in the city Sunday. Mrs. S. B. Dickson, Memphis, is visiting Mrs. Shipley. Rev. J. O. Rust returned to Louisville yesterday. Mr. Buckner Leavelle returned Saturday from Louisville. A. J. Winkler, of Cadiz, was in the city yesterday. Miss Lela Mosley, Fairview, visited friends in the city Sunday. Miss V. M. Mosley, Bellevue, is spending the week with "Tom" in the city. Mrs. Geo. Ladd, who is teaching in the country, spent Saturday and Sunday in the city. Mr. E. P. Blane, of Knoxville, Tenn., is in the city looking around with a view of locating here and embarking in mercantile pursuits. Mr. J. E. Hagelstein, of Hopkinsville, is in the city. He will engage in buying and putting up tobacco here this season in connection with Mr. J. T. Rice, under the firm name of J. T. Rice & Co.—Preston Dispatch.

John O. Rust.

Rev. John O. Rust, formerly editorially connected with the papers of this city, who began studying for the ministry last fall, preached his first sermon before a Hopkinsville congregation Sunday night at the Baptist church. Out of compliment to him several of the other churches held no evening services and the crowd to whom he preached was limited only by the seating capacity of the church, floor and gallery. About half a dozen preachers were in the congregation, which was made up of many of the most intelligent people of the city, of all denominations. The young minister began the services by reading James 2, beginning with the 14th verse. He offered a fervent prayer and took as his text a part of the 5th of Romans, viz: "The carnal mind is enmity against God." His delivery was earnest, self-possessed and at times eloquent. For forty minutes he handled his subject in an able and logical manner, showing that he possesses not only a deep and analytical mind but clear reasoning faculties and the capacity to express his conclusions in an entertaining, convincing and oratorical style. At the conclusion of his sermon, which closed with an earnest appeal to sinners, he was warmly congratulated by many friends in the large congregation. We predict for the young clergyman a career of great usefulness, honor and distinction in his chosen calling.

### Sudden Death of A. C. Shyer.

Abs C. Shyer, formerly engaged in the clothing at the "Gleaner" in this city, died in Clarksville, Tenn., Friday evening, after an illness of five days. Since selling out his business here last August he had been drumming for a Boston shoe house and frequently visited this city, in fact still claimed his home here with his brother, N. B. Shyer. He was taken sick while at his father's in Clarksville with bilious colic and very much to the surprise of his friends the disease terminated fatally as above stated. The news was received here by telephone and Mr. N. B. Shyer left for Clarksville on the next train and accompanied the remains to this city for interment.

### Deceased was a clever, moral and industrious young man, well liked by all his acquaintances. He was about 25 years of age and unmarried. He was buried yesterday in the Jewish cemetery.

### Symphony Orchestral Tickets.

The sale of tickets for the Boston Symphony Orchestral Club, to all parties who have subscribed for same, will be opened this morning at 9 o'clock at J. B. Galbreath's and will continue until to-morrow night, after which time the sale will be open to the public. The subscribers must be prompt if they would avail themselves of this liberality on the part of the local management, who think that they should have first choice of seats as we would not have had this great attraction at all but for their generous subscriptions.

### The Gas Company.

The Directors of the Gas Company held their annual meeting on Jan. 31st in the office of their Secretary. They report the work and the finances of the Company in a most satisfactory condition, with the best outlook the Co. has ever had. After paying the usual dividends on the Bonds promptly, as well as all expenses, the Co. sets aside a reserve of about \$800. Mr. Hill, the Supt., is doing excellent work, and is looking after every street lamp that falls to give a satisfactory light. If careful management is worth anything there will be very little complaint among the patrons in future.

### Dr. T. W. Forshee.

## DREAM OF NEWS.

### A Bloody Fight at Cerulean.

A bloody fight occurred at Cerulean springs last Thursday between Eva and Geo. Ladd on one side and Wm. and James Smith on the other. Not long ago two younger brothers of the Smiths were reported by the Ladds for misbehaving in church, at the Baptist church at Cerulean, and were tried last Thursday and fined \$33 and \$20 respectively by the local magistrate. After the trial the two older Smith boys waited at the bridge near the hotel until the Ladds came along and it was there the fight occurred. The Smiths claim that they stopped them to inquire about the costs of the trial and the Ladds claim that they were stopped and at once assaulted. The brothers paired off and a fierce double fight occurred between Jim Smith and Eva Ladd and Will Smith and Geo. Ladd. Early in the fight Eva Ladd got out her knife and cut Jim Smith in the back. Smith then got hold of a rock and knocked Ladd down and jumped on him. Ladd was dazed, but soon came to and began to carve his antagonist in a fearful manner. He cut him on the arm from the shoulder to the wrist and cut the leaders of both legs, one leg in two places. Smith finally became too weak to fight and the contest ended. In the meantime Geo. Ladd and Will Smith were also engaged in a hand to hand conflict, in which Smith finally got the best of it. Ladd's left eyebrow was cut with a rock until the flesh hung down over the eye and he was otherwise considerably bruised. After the parties had exhausted themselves they went back up town to the doctors, the Smiths to Dr. Felix and the Ladds to Dr. Callom, and their wounds were dressed. Jim Smith, who was hurt worst, will recover but may be a cripple as long as he lives. Geo. Ladd will have a bad scar over his eye and the other two were not much hurt. All of the parties are respectable young men. The affair has caused a good deal of hard feeling and more trouble may come of it.

### Another Tennessee Suicide.

Thos. Hagline, Jr., committed suicide at New Providence, Tenn., last Friday. The Chronicle says of the affair: "It seems to have been a case of deliberate self-destruction, as he had told his sister that he thought he should kill himself. She paid no attention to what he said, not for a moment thinking he meant it. He went over to his father's general store, and during his absence went to a rear room and shot himself through the head. Death was instantaneous. He was discovered lying on the floor, sometime after by his father. No reason is assigned as to why he should thus kill himself, as he was but 21 years old, and had kind and loving parents." This makes two suicides in New Providence within two weeks, the other being Mr. Madole, an account of whose death was published in the KENTUCKIAN a few days ago.

### A Paying Investment.

Diswindle Brothers are running a cotton mill in the South for making sheeting and unbleached domestics. Their whole plant is valued by them at \$15,000 and on this investment they work 48 looms, 50 hands, and weave 10,000 yards of cloth per day. The factory has been in successful operation for eighteen years. And the owners offer to remove it to Paducah for a stock subscription of \$5,000. Supposing the average wages of the operatives to be \$1.00 per day, the payroll of the mill would be \$300 weekly or \$15,000 a year, which is continually circulated among merchants, tradesmen and farmers. On such enterprises rest the prosperity and growth of towns. Hopkinsville would be an excellent location for such a factory.

### Good Enough, If True.

The Cairo and Cumberland Gap railroad seems to have been relegated to the past, consequently the \$50,000 voted by the tax-payers of Mayfield will be kept at home and used for other purposes—Monitor.

### As the Monitor was opposed to the \$50,000 subscription to the C. & C. G. road, it would be glad to see the enterprise fail, but we are happy to say it has no authority for the statement made above, and the prospect for building the road is brighter than any previous time. Work will be begun in time to secure the \$50,000, and the Monitor man will have the satisfaction of paying his proportion of the tax—Mayfield Democrat.

### He Lacked \$200.

We would be glad to know what has become of the proposed telephone line between here and Hopkinsville. Our last information of it was that about enough stock had been raised to construct the line. Will superintendent P. Turner please rise and explain?—Cadiz Telephone.

### City Court News.

Tom Terrell, col., was arrested Saturday charged with trespass, and the case against him dismissed yesterday. Bill Hobson, col., was also arrested yesterday on a similar charge and acquitted, the witness against him having disappeared.

### No Ice Spell.

The cold wave has come and gone and brought with it no ice spell. It looked quite encouraging for a day or two, but the ice never got an inch thick and now there seems to be no prospect whatever of another freeze.

### Crushed to Death.

While Charles Hodge was driving a slack car in the St. Bernard mines at Earlington last Tuesday, he fell in front of it and was killed. He was taken with a fit of apoplexy and fell down entirely helpless.

If there is any truth in the ground-hog business, there will be six weeks more of winter, but if the winter is to be no worse than we have already had, his hogship might as well stay out of his hole and enjoy the sunshine.

### The O. V. Road has been very much delayed in building their incline at Evansville, on account of the high stage of water. They have been obliged to drive piles of much greater length than required, and to saw them off under water. Track laying on the Indiana side began yesterday.—Henderson Journal.

Dr. Hedley's lecture Saturday night was one of the best of the series. His subject "The Sunny Side of Life," was handled in a very entertaining manner and his audience showed their appreciation by frequent and hearty applause. The lecture was an hour and twenty minutes long and thoroughly interesting throughout.

### Clarence Anderson, the Main street photographer, inserts a card in today's paper. Mr. Anderson is too well known to need an introduction to our readers. For years he has supplied the people of Hopkinsville and vicinity with pictures equal to the best city work and his rates are as low as the lowest for first-class work. He is now making a specialty of life-size portraits by the new bromide process, specimens of which can be seen at his gallery.
